

For the sync of the calendar here is the process below for syncing it with phones:

iPhone

- Select settings on your phone
- Select “Password & Accounts”
- Under Accounts select “Add Account”
- Select other
- Under Calendars select “Add Subscribed Calendar”
- Enter <http://www.saughtoncofeprimaryschool.co.uk/events/export>
- and press next
- Save

It may pop up with a pop up asking you to set up the account without SSL. Press continue if you have this. Click

Samsung

To add a calendar on a Samsung phone they need to do this on a desktop via their Google mail account that is linked to their phone.

- Once signed into Google Mail select Calendar
- On left hand side you should see “Add calendar” click on the three dots next to this box and select “From URL”
- Enter <http://www.saughtoncofeprimaryschool.co.uk/events/export>
- Select “Add Calendar”
